OSCAR TRAYNOR WOODS SITE DEVELOPMENT UPDATE

Construction is progressing on the landmark Oscar Traynor Woods site as we build the phase one of the development. We are pleased to announce that the first new homes are scheduled for completion in Quarter 4, 2024.

The Dublin City Council portal in relation to Oscar Traynor Woods is expected to go live in early July 2024.

Site Overview

The development will consist of 853 A-rated homes, ranging from one-bed to four-bed and will also include several communal facilities, including a community centre, public car park space, a childcare facility, play areas, cycle trails, allotments and landscaped areas.

The new amenities will be available not only to residents of Oscar Traynor Woods, but to the wider community in the surrounding areas also.

The first homes are expected to be delivered in Q4 2024.
